2024 Collection

Throughout history, **nuts** and **dried fruits** have been valued around the world for their health benefits and special flavors. **Iran**, with its **ideal climate** and rich **agricultural heritage**, has long been **a global leader** in producing some of the best nuts and dried fruits. Known for their freshness, high quality, and unique taste, Iranian nuts and dried fruits have been in demand by **international markets** for centuries. Our company proudly upholds this tradition.

ABOUT US

In 1901, our great-grandfather planted the seeds of this company, a family business rooted in love and dedication. Over the decades, we have blossomed into a renowned exporter of nuts, dried fruits, and spices, welcoming new members from diverse and emerging generations, each bringing innovative ideas that have enriched the company. Every product we offer, sourced from Iran's finest farms and gardens, carries our personal touch and passion for excellence.

Today, we continue this legacy with pride, offering both bulk and retail options, along with custom services like private labeling and personalized orders. Our exceptional products reach homes around the world, setting the gold standard for quality and integrity.

Our team, treated like family, thrives in a supportive and nurturing environment that fosters loyalty, motivation, and deep connections. Together, we carry forward our founder's dream, sharing the best of what we have to offer with the world.

OUR MISSION

Providing Highest Quality
Ensuring Superior Standards
Valuing Customer Feedback

PISTACHIO

PRODUCTS

PISTACHIOS

Iran, home to pistachio, has long been one of the primary producers and exporters of this product to the global market. Even the pistachio grown today in California is of Iranian origin, with its most delicate type named Kerman (a city in Iran). Revered for its high antioxidant content and healthy fats, Iranian pistachio not only tantalizes the taste senses but also contributes significantly to heart health and overall well-being.
